CENSUS OF THE COMMONWEALTH OF AUSTRALIA, 30TH JUNE, 1933.

POPULATION AND OCCUPIED DWELLINGS IN LOCALITIES.

The particulars published in this bulletin relate to population and occupied dwellings in all localities throughout Australia in which not less than twenty persons were enumerated at the Census of the 30th June, 1933, and which were not wholly or partly located in an urban municipality. Districts which form part of an urban municipality have not been recorded separately. The population and occupied dwellings in all urban municipalities, however, are also included in this bulletin; the names of these municipalities being shown in capital letters.

In rural districts clearly defined boundaries of localities are not available and the figures shown for total number of persons and occupied dwellings have been tabulated from the Census schedules relating to dwellings which were stated as being situated in the locality specified. When distributing the schedules the Census collector inserted the name of the town, village or locality on each schedule, Dwellings located near a township in a country district were not stated as being in that township if they were distant more than one mile from the post office or other central building in the township. If the locality in such case had no definite name, it was shown as being " near " the neighbouring township.

Particulars concerning the State and the Local Government Area in which each locality was situated according to the boundaries of Local Government Areas as at the 30th September, 1932, are also shown. Where a locality was in any part of a State not incorporated under Local Government, the name of the Commonwealth Electoral Subdivision has been inserted in italics to indicate its approximate position. In the Northern Territory the corresponding area is the Police District, which also is shown in italics.

Where a Local Government Area in the urban section of a State bears the same name as a Local Government Area in the rural section of the State the following capital letters have been inserted for the purpose of identification, viz. :—

State.	Local Government Area.	
	Urban.	Rural.
New South Wales ..	M. (Municipality)	S. (Shire)
Victoria	C.T.B. (City, Town, Borough)	S. (Shire)
Queensland	C.T. (City, Town)	S. (Shire)
South Australia ..	C. (Corporation)	D.C. (District Council)
Western Australia ..	M. (Municipality)	R.D. (Road District)

Where a municipality, &c., forms part of the metropolitan section of the State or of the following cities or their suburbs a distinguishing small letter has been inserted as follows, viz. :—

(*a*) Municipality included in the metropolitan population of the State.
(*b*) State Electoral District included in Greater Brisbane.
(*c*) Municipality included in Newcastle and Suburbs.
(*d*) Municipality included in Ballarat and Suburbs.
(*e*) Municipality included in Bendigo and Suburbs.
(*f*) Municipality included in Geelong and Suburbs.
(*g*) Municipality included in Fremantle and Suburbs.
(*h*) Municipality included in Kalgoorlie and Suburbs.
(*i*) Municipality included in Launceston and Suburbs.

The population figures in this bulletin exclude full-blood aboriginals; the particulars published concerning aboriginal settlements and aboriginal mission stations relating mainly to half-castes.

Wherever possible, information concerning relief and other camps is shown separately from the general population of the locality.
