* The number of Births and Deaths given for 1853 are not of which have been entered, but they are believed to be considerably under the mark. It is supposed that each is actually succeeded in not less than 5,000. The deficiency has arisen owing to the system of registering Births and Deaths having been entirely changed during the year, and to the new system not having been at first properly understood. In consequence of this, and also owing to the unsettled state of the gold field population, it is known that many children have never neither baptized nor registered. And many persons who died were buried without registration or funeral service.

† The figures for Revenue and Expenditure are believed to be only approximate.

WILLIAM HENRY ARCHER, Registrar-General.
