MAIN FEATURES

There were 11.2% more short-term visitor arrivals during April and May 1980 than in the corresponding two months of 1979. The number of visitors arriving from Asia was 27.1 per cent higher than for the same period in 1979.

The number of residents departing on short-term visits abroad during April and May showed little change over the equivalent period in 1979. There was an increase in the number going to Asian destinations and a slight decline in the number going to Europe.

EXPLANATORY NOTES

Introduction

This publication contains provisional estimates for June 1980 and final estimates for January, April and May 1980. The provisional estimates are based on early counts of passenger cards made by the Department of Immigration and Ethnic Affairs and are expected to be superseded shortly by final estimates. Final estimates for February and March were published on 24 October 1980.
