CENSUS OF MOTOR VEHICLES.

31st DECEMBER, 1955.

No. 3: QUEENSLAND.

PREPARED UNDER INSTRUCTIONS FROM
THE RIGHT HONORABLE THE TREASURER,

BY

S. R. CARVER,
COMMONWEALTH STATISTICIAN.

CENSUS OF MOTOR VEHICLES.

31st DECEMBER, 1955.

No. 3: QUEENSLAND.

PREFACE.

This Bulletin contains particulars of motor vehicles on the register in Queensland at 31st December, 1955. It is one of a series of Bulletins which are being issued for each State, for the Northern Territory and the Australian Capital Territory and for Australia as a whole.

The statistics herein have been derived from particulars of motor vehicle registrations made available for all States and Territories. Figures shown relate to motor vehicles whose registrations were renewed during the year 1955 plus registrations of new vehicles and re-registrations of previously registered vehicles less registrations cancelled during the year.

Vehicles have been allocated to Local Government Areas according to the addresses of the owners shown on the registration certificates and the vehicles themselves are, therefore, not necessarily located or generally used in such areas.

Vehicles owned by the Commonwealth Government, other than Defence Service Vehicles, have been included in all tables.

All figures for horsepower are in terms of R.A.C. rating. Whole numbers only have been shown. For example, an R.A.C. rating of 17.9 h.p. is recorded in this Bulletin as 17 h.p.

For the sake of uniformity with other States, a small number of vehicles have been classified in this Bulletin in a manner different from that recorded by the Queensland Government Statistician.

The following vehicles have been included in each type—

Cars—

Sedan: Caleche Coupe Limousine Saloon Sedan Sedan Coupe Sports
Sedan
Open: Convertible Open Sports Roadster Tourer
Other: Ambulance Hearse

Station Wagons—Estate Car Station Coupe Station Wagon

Omnibuses—Coach Omnibus Parlour Coach

Utilities—Buckboard Coupe Utility Pick-up Utility

Vehicles such as the Land Rover, Willys Jeep and Austin Champ are included under the heading of the body type constructed on the chassis, but in most cases such vehicles are classified as "Utility."

Panel Van is defined as a "van body moulded in one unit with the cab integral". As it was not possible to distinguish the registration of panel vans from utilities in the Queensland register, these types of vehicles have been combined in the tables herein.

Lorries—

Under the system in operation in the Queensland Registration Branch it is not possible to distinguish the various types of lorries as shown in the bulletins of other States. For this reason lorries have been recorded as *Rigid* or *Towing Unit* only.

Other Commerical Vehicles—Concrete Agitator Fire Engine Milk Wagon Mobile
Winch Petrol Wagon Spray Wagon Straddle Truck Street Flusher
Street Sweeper Tanker Tow Truck Tower Wagon

Motor Cycles—Motor Cycle Motor Scooter Pedal Cycle with motor attached.

The following types of vehicle have been excluded: Bulldozer, Crawler Tractor, Fork/Air Lift, Front End Loader, Grader, Industrial Barrow, Mobile Crane, Overloader, Rotary Hoe, Tractor, Trailers and vehicles without motive power (e.g., concrete mixers, air compressors and the like).

S. R. CARVER,
Commonwealth Statistician.
