**Analysis of Table 1.2**

In the twelve months to 30 June 1996 the population increased by 31,600 compared to an increase of 30,100 in the previous twelve months. The natural increase dropped slightly from 14,700 in 1994-95 to 14,200 in 1995-96. This was more than offset by a significant increase in the level of net estimated overseas migration up from 10,500 in 1994-95 to 13,500 in 1995-96. This component has increased each year from a low of 4,600 in 1992-93.
